Eliezer Regalado Diaz
Software Developer

Offer the maximum effort and performance in my work area and with the aim of growing with the company and giving more support to those who need it with the proper authorization.

Experience

developer software

Amazon *remote*

February 2020 - March 2021

As a developer you acquire a very broad knowledge both as FRONTEND and BANCKEND:

FRONTEND: I have a good command of HTML and CSS, REACTJS, in which I put my knowledge for a

better web design and I also have a good command of JAVASCRIPT, from the client side for a

better agility and dynamic navigation, thus avoiding waiting times for customers who

I requested.

developer software

Freenlance *remote*

- Present

BANCKEND: **REACT NATIVE, NODEJS, ASP .NET CORE(MVC)** in which I have basic handling of doing various things like:CRUD, LOGIN,consume data from a Rest Api, etc.. And build project Web or APP from scratch

CONNECTIONS to DB and data management with the database, etc.

DB**:Postgresql, FIREBASE,SQL Serve, Mysql Serve**

Education

Developer Software

ITLA *Santo Domingo*

January 2017 - December 2019
